An evening with a judge and you're not even on trial!

The LUX academy is aiming to look for places of grace in the landscape of justice. What better way than to ask this question to someone who is part of the international criminal court? This is a chance of a lifetime. We hope to meet you at this very special event! Let's examine together how our stories, our politics, and our communities can reshape what grace looks like, today.

This evening will be hosted by the American Protestant church of The Hague. Music will be performed by Talya (APCH) & Arjen (LUX)

25 March, 8 pm
